

THE ROAD (OR TRAIL) AHEAD

1 WHEN YOU BUY YOUR NEW BIKE

- Your bike will be adjusted properly and ready to ride when you leave the shop. Have fun getting comfortable on your new bike.

2 AFTER 10-20 HOURS OF RIDING

- Time for your Free Initial Check Up!
- You may notice your shifting and braking are not as crisp as they first were. Your new bike needs to have its gears and brakes adjusted. Any other potential problems will be assessed at this point.

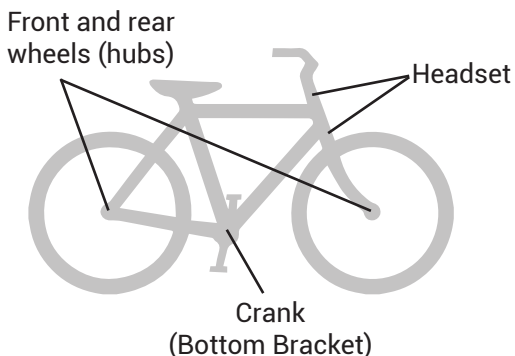

3 AFTER A YEAR OF RIDING

Time for your Free Full Tune Up!

You care about your new bike, and so do we! Having your bike properly maintained will protect your investment.

WHAT'S THAT NOISE?

If at any time you should hear a strange noise from one of these areas or if you feel something out of the ordinary, give us a call or just come see us!

NEW BIKE SERVICE PLAN*

FREE WITH PURCHASE OF NEW BIKE

INITIAL CHECK UP

After 10-20 hours of riding the cables on your new bike will have stretched with use. It will need to have it's gears and brakes adjusted.

Your check up includes:

- Tightening bolts to ensure everything is in safe, working order
- Brake adjustment
- Any additional adjustments to help suit your needs
- Shift adjustment

FULL TUNE UP

At some point around a year after the bike's original purchase, come back for the Full Tune Up.

Your tune up includes:

- Shift & brake adjustments
- Bearing adjustments etc.
- Cleaning
- (see in store for complete list)
- Lubing
- Spoke tightening

*New Bike Service Plan does not include flat tires or mechanical failure due to abuse or neglect.

KIDS HALF-BACK PROGRAM

Kids grow fast! When you buy a kids' bike at Cranky's, you can receive up to half of your purchase price back when you buy the next size youth bike.* Let us help you keep your child riding safely on a quality bike that fits!

*Trade-in amount is dependent on bike's condition and age.
